# Hale Primary School

# After school club Autumn 2023

ComputerXplorers is delighted to be able to offer an after school club this term. We will run the club on a **Friday** afternoon and will tackle two great activities during the term.

**Micro:bit:** You can use the micro:bit for all sorts of cool creations, from robots to musical instruments – the possibilities are endless. We will use the micro:bit's features such as its 25 LED lights, its accelerometer and Bluetooth connection to create computer controlled devices.

**LEGO Robotics**: The children will use the LEGO WeDo 2.0 construction set and software to learn basic robotics principles by building a variety of robots. They will also learn how engineering and coding work together to make effective robots. **Students will work in groups of 3 on this activity.**

➡ Each lesson will last one hour after school on a **Friday**. Please collect your children at 4.30 pm

➡ Dates: Sept 22, 29, Oct 6, 13, 20, Nov 3, 10, 17, 24, Dec 1

➡ Cost for the 10 sessions is **£80 per child**. A non-refundable deposit of £20 will be taken when you book and two balance payments will be taken in October and November.

## How do I register?

To book a place on this course go our website (address below) and click on the 'Book Now' button to get to our booking page.

www.computerxplorers.co.uk/west-surrey

From the list of courses available select **Hale Autumn 23** and complete the details requested. *Please take care to ensure that you are registering your child on the correct course*

Please get in touch if you have any questions about the course.
