

Dear Fantastic Future Oxford Class,

Welcome to an enchanting year filled with knowledge, discovery - and maybe a sprinkle of unicorn magic...I am thrilled to be your teacher and I can't wait to embark on your year 6 journey with each of you.

Let me start by confessing my love for unicorns...My granny was Scottish so I blame her for my slight obsession as it is the national animal of Scotland! I also enjoy reading, walking, crochet and art. Did you know that unicorns represent the power of joy, life, imagination and believing in the extraordinary? So, get ready for occasional unicorn sightings in our classroom, where we'll delve into captivating stories and explore the wonders of our own imaginations.

In addition to our learning in all subjects, we will of course be going on our residential trip. Get ready to explore the great outdoors, tackle thrilling challenges, and build lifelong memories with your friends. It's an opportunity to grow, push boundaries, and discover new strengths within yourselves. But don't worry, I'll be there along with other Hale staff to keep you all safe throughout the entire journey.

Also, congratulations on being the eldest children in our school! As the role models for the entire community, you have a remarkable opportunity to set a positive example. Embracing and demonstrating all of our PRIDE values: Pride and Positivity, Respect and Responsibility, Independence and Integrity, Drive and Determination, Excellence and Enjoyment. Your actions and words have the power to inspire and influence others, so let your light shine brightly as you lead with integrity and responsibility. Together, let's create a school environment where everyone feels valued and supported. You have the potential to make a lasting impact, and I have no doubt that you will exceed all of my expectations.

Together this year we will set ambitious goals, celebrate small victories, and learn from any setbacks along the way. Together, we'll unlock your hidden talents and pave the way for your bright futures.

I am truly excited to be your teacher, and I cannot wait to witness the incredible progress each of you will make. Get ready for an unforgettable year filled with learning - and of course - the magic of unicorns.

With great excitement,
Mrs. Harrison a.k.a the unicorn fanatic
